

# SAVE WATER INDOORS

Drakenstein has water restrictions in place. Keep saving by taking these key indoor actions.

Only flush when necessary . Don't use it as a dustbin. If it's yellow let it mellow If it's brown, flush it down.

Use a stop watch and don't shower for more than 2 minutes.

Collect your shower, bath and basin water and re-use it to flush your toilet, and for the garden and car cleaning.

Defrost foods in the fridge or naturally rather than placing it under running water.

Use a cup instead of running taps in the bathroom or kitchen for brushing teeth, shaving, drinking etc.

Wait for a full load before running washing machines and dishwashers. The rinse water from some washing machines can be re-used for the next washing cycle.

Switch to an efficient showerhead which uses no more than 10 litres per minute .

Upgrade to a multi-flush toilet and/or put a water displacement item in the cistern which can halve your water use per flush.

Fit taps with aerators or restrictors to reduce flow to no more than 6 liters per minute.

Report all pipe bursts and water wastage to the Water Services Department at 021 807 4715.

For more information on water restrictions, level 4B, visit our website: [www.drakenstein.gov.za](http://www.drakenstein.gov.za)

\* Greywater use has some health and hygiene risks to be avoided. Keep hands and surface areas sanitised/disinfected.
