

NOTIFICATION OF PUBLIC PARTICIPATION PROCESS

Compilation of the Cape Winelands District and Local Integrated Transport Plans (ITPs)

The Cape Winelands District Municipality (CWDM) intends to compile a district ITP for the CWDM and local ITPs for the four local municipalities, namely the Drakenstein, Langeberg, Witzenberg and Breede Valley Local Municipalities.

Pendulum Consulting and ITS Engineering have been commissioned to undertake the ITP process. The ITP is designed to identify the key transport challenges that face the area. The plan will also identify transport strategies to begin to address some of the priority concerns for the area.

Public participation forms an integral part of the ITP process. In an attempt to develop an ITP that is holistic and comprehensive, broader community involvement will be critical to the ITP process. The Environmental Partnership has been appointed to manage the public participation process for this project. You are hereby invited to attend an information sharing meeting regarding the ITP processes for the CWDM and the local ITP process as it affects your local Municipality, namely Drakenstein, Witzenberg, Breede Valley and Langeberg at the following location:

Area	Venue	Date	Time
Drakenstein Municipality	Council Chambers, 1 st Floor, Civic Centre, Berg River Boulevard, Paarl	23 March 2010	18h00 to 20h00
Langeberg Municipality	Town Hall, 52 Church Street, Robertson	24 March 2010	18h00 to 20h00
Breede Valley Municipality	Civic Hall, High Street, Worcester	25 March 2010	18h00 to 20h00
Witzenberg Municipality	Town Hall, Voortrekker St, Ceres	30 March 2010	18h00 to 20h00

Should you wish to register as an Interested and Affected Party for the project, please contact Vanessa Lakay from *The Environmental Partnership* at the details below. Furthermore, should you require transportation to the venue, please contact Vanessa Lakay on or before the 16 March 2010.
