BUDGET POLICY

1. INTRODUCTION

In terms of the Municipal Finance Management Act, No.56 of 2003, Chapter 4 on Municipal Budgets, Subsection (16), state that the council of a municipality must for each financial year approve an annual budget for the municipality before commencement of that financial year.

According to subsection (2) of the Act concerned, in order to comply with subsection (1), the executive mayor of the municipality must table the annual budget at a council meeting at least 90 days before the start of the budget year. This policy must be read, analyzed, interpreted, implemented and understood against this legislative background. The budget plays a critical role in an attempt to realize diverse community needs. Central to this, the formulation of a municipality budget must take into account the government’s macro-economic and fiscal policy fundamentals.

In brief, the conceptualization and the operationalisation of the budget must be located within the national government’s policy framework.

2. OBJECTIVE

The objective of the budget policy is to set out:

a) The principles, which the municipality will follow in preparing each medium term
b) Revenue and expenditure framework budget,
c) The responsibilities of the executive mayor, the accounting officer, the chief
d) Financial officer and other senior managers in compiling the budget
e) To establish and maintain procedure to ensure adherence to Drakenstein Municipality’s IDP review and budget processes.

3. BUDGETING PRINCIPLES

a) The municipality shall not budget for a deficit and should also ensure that revenue projections in the budget are realistic taking into actual collection levels.
b) Expenses may only be incurred in terms of the approved annual budget (to adjustments budget) and within the limits of the amounts appropriated for each vote in the approved budget.
c) Drakenstein Municipality shall prepare three-year budget (medium term revenue and expenditure framework (MTREF) and that be reviewed annually and approved by Council.

d) The MTREF budget must at all times be within the framework of the Municipality Integrated Development Plan.

4. BUDGET PREPARATION PROCESS

4.1. Formulation of the budget

a) The Accounting Officer with the assistance of the Chief Financial Manager and the Manager responsible for IDP shall draft process plan as well as the budget timetable for the municipality including municipal entities for the ensuing financial year.

b) The Executive Mayor shall table the IDP process plan as well as the budget timetable to Council by 31 August each year for approval (10 months before the start of the next budget year).

c) IDP process plan as well as the budget timetable shall indicate the key deadlines for the review of the IDP as well the preparation of the medium term revenue and expenditure framework budget and the revision of the annual budget. Such target dates shall follow the prescriptions of the MFMA.

d) Finance Management Act as well as the guidelines set by National Treasury.

e) The Executive Mayor shall convene a strategic workshop in September/October with the mayoral committee and senior managers in order to determine the IDP priorities, which will form the basis for the preparation of the MTREF budget taking into account the financial and political pressure facing the municipality. The executive mayor shall table the IDP priorities with the draft budget to Council.

f) The Executive Mayor shall table the draft IDP and MTREF budget to council by 31 March (90 days before the start of the new year) together with the draft resolutions and budget related policies (policies on tariff setting, credit control, debt collection, indigents, investment and cash management, borrowings, etc).

g) The Chief Financial Officer and senior managers undertake the technical preparation of the budget.

h) The budget must be in the prescribed format, and must be divided into capital and operating budget.

i) The budget must reflect (in the budget) realistically expected revenues by major source for the budget year concerned.

j) The expenses reflected in the budget must be divided into items.

k) The budget must also contain the information related to the two financial years following the financial year to which the budget relates, as well as the actual revenues and expenses for the prior year, and the estimated revenues and expenses for the current year.

4.2. Public participation process
Immediately after the draft annual budget has been tabled, the municipality must convene a hearing on the draft budget in April and invite the public, stakeholder’s organizations, to representation at the council hearings and to submit comments in response to the draft budget.

4.3. Approval of the budget

a) Council shall consider the next medium term expenditure framework budget for approval not later than 31 May (30 days before the start of the budget year).

b) The council resolution must contain budget policies and performance measures shall be adopted.

c) Should the municipality fail to approve the budget before the start of the budget year, the executive mayor must inform the MEC for Finance that the budget has not been approved.

d) The budget table to Council for approval shall include the following supporting documents:

   i. Draft resolutions approving the budget and levying property rates, other taxes and tariffs for the financial year concerned.

   ii. Draft resolutions.

   iii. Measurable performance objectives for each budget vote, taking into account the municipality’s IDP.

   iv. The projected cash flows for the financial year by revenue sources and expenditure votes,

   v. Any proposed amendments to the IDP.

   vi. Any proposed amendments to the budget-related policies;

   vii. The cost to the municipality of the salaries, allowances and other benefits of its political office bearers and other councils, the accounting officer the chief financial officer, and other senior managers.

   viii. Particulars of any proposed allocations or grants to other municipalities, municipal entities, external mechanisms assisting such as Non-Governmental Organizations, welfare institutions and so on;

   ix. Particulars of the municipality’s investments; and

   x. Various information in regard to municipal entities under the share or sole control of the municipality.

4.4. Publication of the budget

a) The Chief Financial Officer must within 14 days submit the approved budget in both printed and electronic formats to the National Treasury, the Provincial Treasury as well as post it on the municipal website, so that it is accessible to the public.

4.5. Service Delivery and Budget Implementation Plan (SDBIP)

a) The Executive Mayor must approve the Service Delivery and Budget Implementation Plan not later 28 days after the approval of the Budget by Council.

b) The SDBIP shall include the following components:

   i. Monthly projections of revenue to be collected for each source.

   ii. Monthly projections of expenditure (operating and capital) and revenue for each vote.
iii. Quarterly projections of service delivery targets and performance indicators for each vote  
iv. Ward information for expenditure and service delivery  
v. Detailed capital works plan broken down by ward over three years

5. CAPITAL BUDGET

5.1. Basis of Calculation

a. The zero based method is used in preparing the annual capital budget, except in cases where a contractual commitment has been made that would span over more than one financial year.
b. The annual capital budget shall be based on realistically anticipated revenue, which should be equal to the anticipated capital expenditure in order to result in a balanced budget.
c. The impact of the capital budget on the current and future operating budget in terms of finance charges to be incurred on external loans, depreciation of fixed assets, maintenance of fixed and any other operating expenditure to be incurred resulting directly from the capital expenditure, should be carefully analyzed when the annual capital budget is being compiled.
d. In addition, the council shall consider the likely impact of such operational expenses-net of any revenues expected to be generated by such item-on future property rates and service tariffs.

5.2. Budget Principles

a) Expenditure of a project shall be included in the capital budget if it meets the assets definition i.e. result in an asset being acquired or created and its value exceeds R10,000 and has a useful life in excess of one year  
b) Vehicle replacement shall be done in terms of Council’s vehicle replacement policy. The budget for vehicles shall distinguish between replacement and new vehicles. No globular amounts shall be budgeted for vehicle acquisition.
c) A municipality may spend money on a capital project only if the money for the project has been appropriated in the capital budget.
d) The envisaged sources of funding for the capital budget must be properly considered and the Council must be satisfied that this funding is available and not been committed for other purposes.
e) Before approving a capital project, the Council must consider:  
i. The projected cost of the project over all the ensuing financial years until ii. The project becomes operational, future operational costs and any revenues, which may arise in respect of such project, including the likely future impact on operating budget (i.e. on property rates and service tariffs).
f) Before approving the capital budget, the council shall consider:  
i. The impact on the present and future operating budgets of the municipality in relation to finance charges to be incurred on external loan.  
ii. Depreciation of fixed assets,  
iii. Maintenance of fixed assets, and  
iv. Any other ordinary operational expenses associated with any item on such capital budget.
g) Council shall approve the annual or adjustment capital budget only if it has been properly balanced and fully funded.

5.3. **Funding of Capital Budget**

The capital expenditure shall be funded from the following source:

5.3.1. **Revenue of Surplus**

a) If any project is to be financed from revenue this financing must be included in the cash budget to raise sufficient cash for the expenditure.

b) If the project is to be financed from surplus there must be sufficient cash available at time of execution of the project.

5.3.2. **External loans**

a) External loans can be raised only if it is linked to the financing of an asset;

b) A capital project to be secured or if can be reasonably assumed as being secured;

c) Interest payable on external loans shall be included as a cost in the Expenditure budget;

d) Finance charges relating to such loans be charged to or apportioned only between the departments or votes to which the projects relate.

5.3.3. **Capital Replacement Reserve (CRR)**

a) Council shall establish a CRR for the purpose of financing capital projects

b) And the acquired of assets. Such reserve shall be established from the following sources of revenue:

i. Inappropriate cash-backed surpluses to the extent that such surpluses are not required for operational purposes;

ii. Interest on the investments of the CRR, appropriated in terms of the investments policy;

iii. Additional amounts appropriated as contributions in each annual or adjustments budget; and

c) Before any asset can be financed from the CRR the financing must be available within the reserve and available as cash as this fund must be cash backed;

d) If there is insufficient cash available to fund the CRR, this reserve fund must then be adjusted to equal the available cash;

e) Transfers to the CRR must be budgeted for in the cash budget.

5.3.4. **Grant Funding**

(a) **Non capital expenditure funded from grants**

i. Must be budgeted for as part of the revenue budget;

ii. Expenditure must be reimbursed from the funding creditor and transferred to the operating and must be budgeted for as such.
(b) **Capital expenditure must be budgeted for in the capital budget:**

i. Interest earned on investments of Conditional Grant Funding shall be capitalized if the condition stated the interest accumulate in the fund.

ii. If there is no condition stated the interest can then be allocated directly to the revenue accounts.

iii. Grant funding does not need to be cash backed but should be secured, before spending can take place.

6. **OPERATING BUDGET**

6.1. **Basis of Calculation**

a) The incremental approach is used in preparing the annual operating budget, except in cases where a contractual commitment has been made that would span over more than one financial year. In these instances the zero based method will be followed.

b) The annual operating budget shall be based on realistically anticipated revenue, which should be equal to the anticipated operating expenditure in order to result in a balance budget.

c) An income based approach shall be used where the realistically anticipated income would be determined first and the level of operating expenditure would be based on the determined income, thus resulting in a balanced budget.

(a) The municipality shall budget in each annual and adjustments budget for the contribution to:

i. Provision for accrued leave entitlements equal to 100% of the accrued leave

ii. Entitlement of officials as at 30 June of each financial year,

iii. Provision for bad debts in accordance with its rates and tariffs policies and the Grap accounting standards

iv. Provision for the obsolescence and deterioration of stock in accordance with its stores management policy

v. Depreciation and finance charges shall be charged to or apportioned only between the departments or votes to which the projects relate.

vi. At least 5% of the operating budget component of each annual and adjustments budget shall be set aside for maintenance.

(b) When considering the draft annual budget, council shall consider the impact, which the proposed increases in rates and service tariffs will have on the monthly municipal accounts of households.

(c) The impact of such increases in rates shall be assessed on the basis of a fair sample of randomly selected accounts.

(d) The operating budget shall reflect the impact of the capital component on:

i. Depreciation charges

ii. Repairs and maintenance expenses

iii. Interest payable on external borrowings

iv. Other operation expenses

(e) The chief financial officer must ensure that the cost of indigence relief is separately reflected in the appropriate votes.
7. FUNDING OF CAPITAL AND OPERATING BUDGET

(a) The budget may be financed only from:
   i. Realistically expected revenues, based on current and previous collection levels;
   ii. Cash-backed funds available from previous surpluses where such funds are not required for other purposes; and borrowed funds in respect of the capital budget only.

8. UNSPENT FUNDS / ROLL OVER OF BUDGET

a. The appropriation of funds in an annual or adjustments budget will lapse to the extent that they are unspent by the end of the relevant budget year, but except for relating to capital expenditure.
b. Only unspent grant (if the conditions for such grant funding allows that), Capital replacement reserve or loan funded capital budget may be rolled over to the next budget year.
c. Conditions of the grant fund shall be taken into account in applying for such over of funds

d. Application for roll over of funds shall be forwarded to the budget office by the 15th of April each year to be included in next year’s budget for adoption by Council in May.
e. Adjustments to the rolled over budget shall be done during the 1st budget adjustment in the new financial year after taking into account expenditure up to the previous financial year.
f. No unspent operating budget shall be rolled over to the next budget year.

9. BUDGET VIREMMENTATION

9.1. Virement Clarification

Virement is the process of transferring budgeted funds from one line item number to another, with the approval of the relevant Manger and CFO, to enable budget managers to amend budgets in the light of experience anticipated changed. (Section 28 (2) (c) MFMA.
