Drakenstein Municipality in collaboration with Wesgro presents the first online **#DrakensteinConnects** series to share ideas on how to collaborate and work towards a shared vision to **#Reignite the Drakenstein Economy** and achieve a “City of Excellence”.

Through COVID-19 we have learnt that collaboration and shared responsibility are key factors that drive sustainable change in our society. Local role players will have an opportunity to engage with public and private sector leaders on understanding how partnerships can effect sustainable change during COVID -19 and beyond.
