GENDER BASED VIOLENCE DRIVE REPORT

A city of excellence

Introduction

The Men & Women of Drakenstein Municipality says no to Gender-Based Violence (GBV)!

Drakenstein Municipality has declared a fight against GBV pandemic which should be a focus point 365-days of the year; not only on occasions.

"All forms of violence against women and children should be eradicated. As the Drakenstein Gender Forum we should respect and protect all the vulnerable groups in our Communities. As a municipality, we will play our role and work together with other spheres of government, law enforcement agencies and NGOs, to help ensure the safety of our female colleagues and the women of Drakenstein."

Objectives

The objective of this program is to improve available services provision and raise community awareness of services for survivors of sexual assault with South Africa, which is plagued by the highest rates of gender-based violence in the world.

SARON AND GOUDA GENDER BASED VIOLENCE AWARENESS

The Gender Based Violence awareness campaign drive on Friday, 25 September 2020 in Saron and Gouda with the focus on our rural people, 125 people was reached during this 4-hour awareness drive. This was a very successful effective awareness drive. The Gender based Violence Workshop will be held on 2 October 2020.
