1.1.2 Council approves the following single and/or multi-year capital projects that exceeds the amount of R50 million referred to in Regulation 13(2)(c) of the Municipal Budget and Reporting Regulations:

1.2.1 Saron: Bulk Storage and Water Treatment (R58,761,814);

1.2.2 Upgrading of Oosbosch Street between Bergriver Boulevard and Jan van Riebeeck Road project (R57,029,546);

1.2.3 Electrification Housing Projects (R112,000,000); and

1.2.4 New Bulk Sewer Simondium project (R79,564,000).

1.1.3 Council takes note that the estimated future operational costs and revenue on the above-mentioned capital projects over the next five years are set out in detail in Table 11 in paragraph 1.4.7 of the Annual Budget 2020/2021 to 2024/2025 MTREF Forecast document attached as Annexure D to this item.

1.1.4 Council approves the 2020/2025 MTREF capital budget expenditure funding sources of R216,972,433 for the 2020/2021 financial year as well as for the four outer years' capital expenditure funding sources as set out in the table below.

2020/2025 MTREF HIGH LEVEL CAPITAL BUDGET EXPENDITURE PER FUNDING SOURCE							
Serial Number	Description	2020/2021 Capital Budget	2021/2022 Indicative Capital Budget	2022/2023 Indicative Capital Budget	2023/2024 Indicative Capital Budget	2024/2025 Indicative Capital Budget	2025/2026 Indicative Capital Budget

1.1.9 Council takes note that any actual cash surpluses at year-end will be used to boost Drakenstein's Capital Replacement Reserve to be utilised for future infrastructure assets investment.

1.1.10 Council approves the following revenue increases for the revenue streams of property rates, fees, charges and tariffs with effect from 1 July 2020:

- 1.10.1 Property rates revenue stream increase of approximately 7.5%;
- 1.10.2 Water revenue stream increase of approximately 6.9%;
- 1.10.3 Sewerage/sanitation revenue stream increase of approximately 8.3% to ensure that this economic service expenditure and revenue move towards a break-even point;
- 1.10.4 Refuse removal revenue stream increase of approximately 7.8%;
- 1.10.5 Electricity revenue stream increase of approximately 6.22% for life line consumers;

- 1.10.6 Electricity revenue stream increase of approximately 4.9% for other domestic consumers; and
- 1.10.7 Electricity revenue stream increase of approximately 6.22% for all other electricity consumers.
  
- 1.11 Council takes note of the envisaged increases in the property rates, fees, charges and tariffs as set in the Tariff Book attached as Annexure B to this item.
  
- 1.12 Council approves the annual budget of Drakenstein Municipality for the 2020/2021 financial year as well as the indicative estimates for the four outer financial years (2021/2022 to 2024/2025) as set out in the mSCOA version 6.4 Schedules A1 to A10 and SA1 to SA38 included in Annexure D to this item.
  
- 1.13 Council takes note that Drakenstein's investments and cash as at 30 April 2020 amounted to R187,174,008 made up of investments with:
  - 1.13.1 FNB Primary account (R85,839,013);
  - 1.13.2 ABSA investments (R48,206,657);
  - 1.13.3 Investec investments (R19,276);
  - 1.13.4 Nedbank investment (R10,000,000);
  - 1.13.5 Grindrod investments (R43,021,426); and
  - 1.13.6 Eskom (R87,635).
  
- 1.14 Council takes note of the proposed total cost to municipality expenses for the salary, allowances and benefits of the Executive Mayor, Speaker, Deputy Executive Mayor, Chief Whip, Mayoral Committee members, Chairperson of MPAC, ordinary councillors, City Manager, Chief Financial Officer and executive directors as set out in SA23 included in Annexure D.
  
- 1.15 Council takes note that Drakenstein Municipality do not have any current service delivery agreements, including material amendments to existing service delivery agreements, with any service provider who renders any power or function on behalf of Drakenstein Municipality as defined in Section 1 of the Municipal Systems Act.
  
- 1.16 Council takes note that Drakenstein Municipality do not have any municipal entities.
  
- 1.17 Council approves the measurable performance objectives for revenue from each source and for each vote in the budget, taking into account the municipality's Integrated Development Plan, as set out in SA7 included in Annexure D.

- 1.18 Council takes note of the comments as set out in Annexure A (Written Comments Received on the 2020/2021 Draft Budget) to this item as Council's views on the written comments received during the public participation process on the 2020/2021 Draft Budget.
- 1.19 Council takes note that the approved electricity tariffs are subject to the approval of it by the National Energy Regulator of South Africa.
- 1.20 Council approves the ten year Capital Expenditure Framework (CEF) for the Integrated Urban Development Grant attached as Annexure C to the item.

## 1.2 Executive Summary

The application of sound financial management principles for the compilation of Drakenstein's Long-Term Financial Plan is essential and critical to ensure that the Municipality remains financially viable and that municipal services are provided sustainably, economically and equitably to all communities. The process of developing the municipality's annual budget is largely guided by the strategic thrusts and operational priorities of Drakenstein's Integrated Development Plan (IDP) as well as the MTREF that sets out the expected annual revenue and projected expenditure for the budget year under consideration, plus the four outer years.

2020 will be the year that will be remembered for the outbreak of COVID-19 (the Corona virus), an event that caused more than half of the world's population to go into lockdown and which has now fundamentally changed the world. The magnitude and speed of collapse in activity that has followed is unlike anything experienced in our lifetimes. This is a crisis like no other, and there is substantial uncertainty about its impact on people's lives and livelihoods. Countries, such as South Africa, reliant on tourism, travel, hospitality, and entertainment for their growth are experiencing particularly large disruptions.

The lockdown period resulted in a decrease in the payment rate of the municipality as consumers felt the negative impact on their disposable income due to several businesses not being able to operate during the period and therefore not being able to pay their employees accordingly. This necessitated a review of the Municipality's business and service delivery priorities and where appropriate, funds were transferred from low- to high-priority programmes so as to maintain sound financial stewardship.

The above was made possible due to various initiatives introduced such as:

- Cost Containment Strategies implemented at the start of the 2019/2020 financial year;
- Revenue Management Strategies implemented at the start of the 2019/2020 financial year; and
- Zero-based budget approach to ensure that money is spent on identified priorities as well as ensuring service delivery.

A critical review was also undertaken of expenditures on non-core and 'nice to have' items. The preparation of the 2020/21 to 2024/2025 Medium Term Revenue and Expenditure Framework (MTREF) was an extremely challenging one as various factors, with considerable potential impacts on core service delivery cost and revenue components influenced the outcome of the MTREF.

## ***Legal Requirements***

The MTREF for 2020/21 to 2024/25 were compiled in accordance with the requirements of the relevant legislation, of which the following are the most important –

- The Constitution of the Republic of South Africa, Act 108 of 1996;
- The Municipal Structures Act, Act 117 of 1998;
- The Municipal Systems Act, Act 32 of 2000;
- The Municipal Finance Management Act, Act 56 of 2003;
- The Municipal Budget and Reporting Regulations promulgated on 17 April 2009; and
- The 2019 Division of Revenue Act.

The following budget principles and guidelines directly informed the compilation of the 2020/21 to 2024/25 MTREF

- National Treasury's MFMA Circulars were used to guide the compilation of the MTREF;
- Headline inflation predictions;
- National outcomes and priorities;
- NERSA guidelines;
- The priorities and targets in relation to the key strategic focus areas as determined in the IDP;
- The 2019/20 Adjustments Budget priorities, targets and base line allocations were taken as guideline for future revenue stream projections;
- Intermediate service level standards were used to inform the measurable objectives, targets and backlog eradication goals;
- Tariff and property rates revenue stream increases should be affordable and should generally not exceed inflation as measured by the CPI, except where there are price increases in the inputs of services that are beyond the control of the municipality. In addition, tariffs need to remain or move towards being cost reflective, and should take into account the need to address infrastructure backlogs;
- There will be no budget allocated to national and provincial funded projects unless the necessary grants to the municipality are reflected in the national and provincial budget and have been gazetted as required by the annual Division of Revenue Act;
- An assessment of the relative human resources capacity to implement the Budget;
- The need to enhance the municipality's revenue base; and
- There will be no external borrowings taken up during this budget year as a means of a funding source that is available to support the Capital Budget, in view of financial affordability considerations and also to enhance service delivery.

The main challenges experienced during the compilation of the 2020/21 to 2024/25 MTREF can be summarised as follows –

- Reprioritisation of capital projects and operating expenditure within the financial affordability limits of the budget, taking the cash position into account;
- The increased costs associated with bulk water and electricity, placing upward pressure on tariff increases to consumers. Continued high tariff increases may soon render municipal services financially unaffordable;
- Maintaining revenue collection rates at the targeted levels;
- Depleted Capital Replacement Reserve, impacting on the Municipality's ability to fund capital expenditure from internal sources;
- Allocations of the required operating budget provision for newly created infrastructure and facilities;
- The on-going difficulties in the national and local economy pre and post COVID-19;
- Aging and poorly maintained water, roads and electricity infrastructure; and
- Availability of affordable capital / borrowing.

### **1.3 High Level Operating Budget Summary**

For Drakenstein Municipality to continue delivering and improving the quality of services provided to its citizens it needs to generate the required revenue. In these tough economic times strong revenue management is fundamental to the financial sustainability of every municipality. The reality is that we are faced with developmental backlogs and poverty. The expenditure required to address these challenges will inevitably always exceed available funding; hence difficult choices have to be made in relation to tariff increases and balancing expenditures against realistically anticipated revenues.

The municipality's revenue strategy is built around the following key components –

- National Treasury's guidelines and macro-economic policy;
- Growth in the municipality and continued economic development;
- Efficient revenue management, which aims to ensure an annual collection rate for property rates and other key service charges of more than 90 percent;
- Electricity tariff increases as approved by the National Energy Regulator of South Africa (NERSA);
- Achievement of full cost recovery of specific user charges especially in relation to trading and economic services;
- Determining the tariff escalation rate by establishing / calculating the revenue requirement of each service;
- The municipality's Property Rates Policy approved in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA);
- Increase ability to extend new services and recover costs;
- The municipality's Indigent Support Policy and rendering of free basic services; and
- Tariff policies.

### **1.3.1 Per Government Financial Statistics (GFS) Vote**

The high level operating budget per GFS vote is set out in Table 1 below. The classifications as per the revised mSCOA government financial statistics votes are used by National Treasury to compare budget trends in local government in South Africa.

The operating budget depicts a surplus of R84,184,777 for the 2020/2021 financial year. Calculations at the bottom of Table 1 below confirms a surplus of R84,184,777 compared with the 2019/2020 adjustments budget operating surplus of R59,218,576.

The operating budget is financed through realistically anticipated revenue streams and with the increased investment in infrastructure the Municipality projects a broadening of its current tax base. This will result in additional revenue that will flow into the municipal coffers but this growth has not been taken into consideration and will be evaluated during the year.

**Table 1: 2020/2025 Medium Term Revenue and Expenditure Framework per GFS**

### 1.3.2 Per Department Vote

The high level tabled operating budget per department vote is set out in Table 2 below. The department votes are directly linked to the newly developed functional organisational structure approved by Council in May 2018 and amended from time to time as allowed. It is the same information as set out in Table 1 above and the budgeted deficit/(surpluses) totals correlate with one another.

**Table 2: Per Department Vote**

### 1.3.3 Per Category of Revenue and Expenditure

In Table 3 below the same information as in Tables 1 and 2 are split up between operating revenue, operating expenditure and grants utilised for capital expenditure. The net results stay the same.

Anticipated operating revenue for 2020/2021 is estimated at R2,693,203,372 or R145,990,908 (5.7%) more than the 2019/2020 approved adjustments budget revenue of R2,547,212,464. The increase includes an amount of R12,000,000 (R27,000,000 – R15,000,000) which is the projected increase on the Integrated National Electrification Programme as well as an amount of R13,865,000 (R164,466,000 - R150,601,000) which relates to the projected increase in the Equitable Share which is above the published CPI.

Operating expenditure for 2020/2021 is estimated at R2,609,018,595 or R121,024,707 (4.9%) more than the adjustments budget expenditure of R2,487,993,888 for 2019/2020.

The high level summary of the operating budget per category and item of revenue and expenditure in Table 3 above.

## 1.4 Capital expenditure

### 1.4.1 Per Prioritisation Model per Capital Assets Investment

The approved Prioritisation Model for Capital Assets Investment will be used; against which all capital projects will be evaluated and prioritised for competing for available capital budget funding resources.

In Table 4 below the IDP needs and “available” funding sources to meet these needs are depicted. The IDP needs for capital projects expenditure amounts to R6,189,030,418 and compared with the “available” budgeted funding resources of R664,217,433 over the next five (5) years leaves us with a difference of R5,524,812 or 89.29% of the value of our IDP needs that we cannot service with “available” and budgeted funding sources. This picture clearly indicates that we must use our scarce resources where the highest priority for investment exists.

It is notable that grant funding represents 70%, 56.5%, 55.6%, 54.5% and 54.5% of Drakenstein’s capital programme over the next five years due to the constrained funding mix. This should however not be misinterpreted as the Rand-value amounts are far less than what other secondary cities with similar demographics are receiving. It is still clear that Drakenstein does not receive their fair share from the National Fiscus as a secondary city.

**Table 4 2020/25 Medium-Term Capital Budget per Capital Assets Investment**

9													
10	Capital budget for the next five years to address IDP needs =											664,217,433	10.73%
11	IDP needs in capital programme that could not be addresses in the next five years =											5,524,812,985	89.27%
12	Total capital programme based on IDP needs =											6,189,030,418	100.00%

From Table 4 above it is clear that we can only service the IDP needs and requests for capital funding of R216,972,433 for the 2020/2021 financial year. Our operating budget and available cash reserves can only service R49,500,000 as Council cannot take up any further loans due to the pressure on the operational budget. Add to this amount the Division of Revenue Bill and provincial gazetted grants of R153,671,957 then our affordable and sustainable capital budget amounts to R216,972,433 for the 2020/2021 financial year.

Please note that no external loans to be raised for 2020/2021 to 2024/2025 financial years are aimed at lowering the gearing ratio and bringing it more in line with the acceptable norm of below 50% to ensure that we raise loans that we can afford to repay and remain financially sustainable.

The available R216,972,433 for 2020/2021 will be measured as per the Prioritisation Model for Capital Assets Investment as indicated in Table 5 below. Basic Services and Roads Infrastructure will receive R147,033,091 or 67.8% of the total available funds; Social and Economic Infrastructure will receive R53,114,055 or 24.5% of the total available funds; and, Operational Equipment will receive R16,825,287 or 7.8% of the available prioritised funds. This should be viewed with the background of a very strained funding mix and the very tough decisions in terms of prioritisation internally.

### 1.4.4 Per Cost Centre and Capital Project

SA36 contains the information of each capital project per cost centre and per directorate and is attached.

Regulation 13(1) of the Municipal Budget and Reporting Regulations determines that:

*“Within ten working days after the municipal council has given individual approval for a capital project in terms of section 19(1)(b) of the Act, the municipal manager must in accordance with section 21A of the Municipal Systems Act make public –*

- (a) The municipal council resolution approving the capital project; and*
- (b) Details of the nature, location and total projected cost of the approved capital project”.*

Regulation 13(2)(c) of the Regulations also determines that:

*“The following capital projects may be approved by a council either individually or as part of a consolidated capital programme as contemplated in section 19(3) of the Act: Capital projects of which the total projected cost is below R 50 million, in the case of a municipality with approved total revenue in its current annual budget greater than R 500 million”.*

It needs to be noted that the following single and/or multi-year capital projects exceeds the R50 million amount and needs to be approved individually as part of Drakenstein’s five year 2020/2025 MTREF.

They are:

- (a) Saron: Bulk Storage and Water Treatment (R58,761,814);
- (b) Upgrading of Oosbosch Street between Berg River Boulevard and Jan van Riebeeck Road project (R57,029,546);
- (c) Electrification Housing Projects (R112,000,000); and
- (d) New Bulk Sewer Simondium project (R79,564,000).

### 1.4.5 Per Funding Source

Table 9 below depicts the capital programme per funding source over the MTREF.

It is notable that grant funding contribute 70.8% of the total capital budget expenditure for the 2020/2021 financial year.

TABLE 9: 2020/2025 MTREF HIGH LEVEL CAPITAL BUDGET EXPENDITURE PER FUNDING SOURCE

### 1.4.7 Projects exceeding R50 million over MTREF

The following are projects exceeding R50 million over the 2020/2025 MTREF:

TABLE 11: CAPITAL PROJECTS EXCEEDING R50 MILLION							
Serial Number	Project Description	A brief description of the project	Location	Total	Operating Expenditure 2020/21-2024/25	Operating Revenue 2020/21-2024/25	Operating impact absorbed by
Column Reference	A	B	C	D	E	F	G
1	Saron: Bulk Storage and Water Treatment	Construction of bulk storage and water pipeline Saron and surrounding farms	Saron	58,761,814	Project completion date 2022	1,529,000	Tariffs
2	Upgrading of Oosbosch Street between Bergriver Boulevard and Jan van Riebeeck Road	Upgrading of Oosbosch Street to dual carriageway between Bergriver Boulevard and Jan van Riebeeck Road	Paarl	57,029,546	Est 50,000 from 2021	-	Rates
3	Basic electrification of Informal settlements	Registered informal settlements list	Paarl & Wellington	11,200,000	88,440,000	46,171,243	Tariffs
4	Bulk Sewer Simondium project	Pipeline from Simondium to Pearl Valley. Assisting Simondium and surrounding farms along the line.	Paarl	79,564,000	Project completion date 2024/25	-	Tariffs

Information for projects exceeding R50 million is specifically included with reference to Regulation 13(c) of the Municipal Budget and Reporting Regulations.

## Part 2 – Supporting Documentation

### 2.1 Overview of the annual budget process

Section 53 of the MFMA requires the Mayor of the municipality to provide general political guidance in the budget process and the setting of priorities that must guide the preparation of the budget. In addition Chapter 2 of the Municipal Budget and Reporting Regulations determines that the Mayor of the municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act.

The Budget Steering Committee consists of the City manager (chairperson), Finance Portfolio councillor and senior officials of the Municipality advising the committee members.

The primary aims of the Budget Steering Committee are to ensure:

- That the process followed to compile the budget complies with legislation and good budget practices;
- That there is proper alignment between the policy and service delivery priorities set out in the Drakenstein Municipality's IDP and the budget, taking into account the need to protect the financial sustainability of municipality;
- That the municipality's revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and
- That the various spending priorities of the different municipal departments are properly evaluated and prioritised in the allocation of resources.

#### 2.1.1 Budget Process Overview

In terms of section 21 of the MFMA the Mayor is required to table in Council ten months before the start of the new financial year (i.e. in August 2016) a time schedule that sets out the process to revise the IDP and prepare the budget.

The Mayor tabled in Council the required IDP and budget time schedule on 28 August 2019. Key dates applicable to the process were:

- **November 2019** – Detail departmental budget proposals (0 year capital and operating) submitted to the Budget and Treasury Office for consolidation and assessment against the financial planning guidelines;
- **February 2020** - Review of the financial strategy and key economic and financial planning assumptions by the Budget Steering Committee. This included financial forecasting and scenario considerations;
- **February 2020** – Multi-year budget proposals are submitted to the Mayoral Committee for endorsement;
- **29 January 2020** - Council considers the 2019/20 Mid-year Review;

- **26 February 2020** – Council considers the 2019/20 Adjustments Budget;
- **February 2020** - Recommendations of the Budget Steering Committee are communicated to the respective departments. The draft 2020/21 MTREF is revised accordingly;
- **12 March 2020** – Discussion of the 2020/25 MTREF by Budget Steering Committee;
- **26 March 2020** - Tabling in MAYCO the draft 2020/25 MTREF;
- **26 March 2020** – Tabling in Council the draft 2020/25 MTREF for public consultation;
- **April 2020** – Documentation open for public comment was advertised in newspaper, on the website and facebook. No IDP/Budget roadshows due to the prohibition of gatherings as a result of Covid-19 in Drakenstein area;
- **7 May 2020** - Closing date for written comments;
- **2 to 4 May 2020** - Finalisation of the 2018/19 reviewed IDP and the 2020/25 MTREF, taking into consideration comments received from the public, comments from National Treasury, and updated information from the most recent Division of Revenue Bill and financial framework; and
- **29 May 2020** – Tabling final 2020/25 MTREF to MAYCO; and
- **29 May 2020** - Tabling of final 2020/25 MTREF before Council for consideration and approval.

There were no major deviations from the key dates set out in the Budget Time Schedule tabled in Council except the impact of COVID-19 on the public participation process as public gathering were prohibited.

### **2.1.2 IDP and Service Delivery and Budget Implementation Plan**

The fourth generation 2020/21 IDP for Drakenstein Municipality is to be adopted on 29 May 2020. It started in September 2019 after the tabling of the IDP Process Plan and the Budget Time Schedule for the 2020/25 MTREF in August 2019.

The IDP Process Plan for 2020/25 was adopted on 28 August 2019. The Municipality has so far proceeded in attaining the following milestones towards finalisation of the formulation of the Municipality’s next five year plan:

- Project plans as well as sectoral-plans were finalised; and
- Reviewed IDP to be approved by Council on 29 May 2020.

Drakenstein’s IDP is its principal strategic planning instrument which directly guides and informs its planning, budget, management and development actions. This framework is rolled out into objectives, key performance indicators and targets for implementation which directly inform the Service Delivery and Budget Implementation Plan.

The Process Plan included the following key IDP processes and deliverables:

- Registration of community needs;
- Compilation of departmental business plans including key performance indicators and targets;
- Financial planning and budgeting process;
- Public participation process;
- Compilation of the SDBIP; and
- The review of the performance management and monitoring processes.

The IDP has been taken into a business and financial planning process leading up to the 2020/25 MTREF, based on the approved 2019/20 MTREF, mid-year review results and adjustments budget. The business planning process has subsequently been refined in the light of current economic circumstances and the resulting revenue projections.

With the compilation of the 2020/25 MTREF each department / function had to review the business planning process, including the setting of priorities and targets after reviewing the mid-year and third quarter performance against the 2019/20 Departmental Service Delivery and Budget Implementation Plan. Business planning links back to priority needs and master planning, and essentially informed the detail operating budget appropriations and five-year capital programme.

## **2.2 Overview of alignment of annual budget with IDP**

The Constitution mandates local government with the responsibility to exercise local developmental and cooperative governance. The eradication of imbalances in South African society can only be realised through a credible integrated developmental planning process.

Municipalities in South Africa need to utilise integrated development planning as a method to plan future development in their areas and so find the best solutions to achieve sound long-term development goals. A municipal IDP provides a five year strategic programme of action aimed at setting short, medium and long term strategic and budget priorities to create a development platform, which correlates with the term of office of the political incumbents. The plan aligns the resources and the capacity of a municipality to its overall development aims and guides the municipal budget. An IDP is therefore a key instrument which municipalities use to provide vision, leadership and direction to all those that have a role to play in the development of a municipal area. The IDP enables municipalities to make the best use of scarce resources and speed up service delivery.

Integrated developmental planning in the South African context is amongst others, an approach to planning aimed at involving the municipality and the community to jointly find the best solutions towards sustainable development. Furthermore, integrated development planning provides a strategic environment for managing and guiding all planning,

development and decision making in the municipality. It is important that the IDP developed by municipalities correlate with National and Provincial intent. It must aim to co-ordinate the work of local and other spheres of government in a coherent plan to improve the quality of life for all the people living in that area. Applied to Drakenstein, issues of national and provincial importance should be reflected in the IDP of the municipality. A clear understanding of such intent is therefore imperative to ensure that Drakenstein strategically complies with the key national and provincial priorities.

The aim of this revision cycle was to develop and coordinate a coherent plan to improve the quality of life for all the people living in the area, also reflecting issues of national and provincial importance. One of the key objectives is therefore to ensure that there exists alignment between national and provincial priorities, policies and strategies and the municipality's response to these requirements.

The national and provincial priorities, policies and strategies of importance include amongst others:

- Green Paper on National Strategic Planning of 2009;
- Government Programme of Action;
- Development Facilitation Act of 1995;
- Provincial Growth and Development Strategy (GGDS);
- National and Provincial spatial development perspectives;
- Relevant sector plans such as transportation, legislation and policy;
- National Key Performance Indicators (NKPIs);
- Accelerated and Shared Growth Initiative (ASGISA);
- National 2014 Vision;
- National Spatial Development Perspective (NSDP); and
- The National Priority Outcomes.

The Constitution requires local government to relate its management, budgeting and planning functions to its objectives. This gives a clear indication of the intended purposes of municipal integrated development planning. Legislation stipulates clearly that a municipality must not only give effect to its IDP, but must also conduct its affairs in a manner which is consistent with its IDP. The following table highlights the IDP's seven strategic objectives or key performance areas for the 2020/25 MTREF and further planning refinements that have directly informed the compilation of the budget.

### IDP Strategic Objectives or Key Performance Areas

KPA	KPA Description
KPA 1	Good Governance
KPA 2	Financial Sustainability
KPA 3	Institutional Transformation
KPA 4	Physical Infrastructure and Services
KPA 5	Planning and Economic Development
KPA 6	Safety and Environmental Management
KPA 7	Social and Community Development

In order to ensure integrated and focused service delivery between all spheres of government it was important for the municipality to align its budget priorities with that of national and provincial government. All spheres of government place a high priority on infrastructure development, economic development and job creation, efficient service delivery, poverty alleviation and building sound institutional arrangements.

Local priorities were identified as part of the IDP review process which is directly aligned to that of the national and provincial priorities. The pre-determined objectives (PDO's) can be summarised as follows against the seven strategic objectives / key performance areas:

#### ***KPA 1: Good Governance***

To ensure good governance and the active participation of all relevant stakeholders through:

- PDO 01: Governance structures
- PDO 02: Risk management and Assurance
- PDO 03: Stakeholder participation
- PDO 04: Policies and By-laws
- PDO 05: Intergovernmental relations (IGR)
- PDO 06: Communications (internal and external)
- PDO 07: Marketing (Branding and Website)
- PDO 08: Customer Relations Management

#### ***KPA 2: Financial Sustainability***

To ensure the financial sustainability of the municipality in order to meet the statutory requirements through:

- PDO 09: Revenue Management
- PDO 10: Expenditure and Cost management
- PDO 11: Budgeting / funding
- PDO 12: Capital expenditure
- PDO 13: Asset management
- PDO 14: Financial Viability
- PDO 15: Supply chain management

- PDO 16: Financial reporting

***KPA 3: Institutional Transformation***

To transform the municipality into an effective and efficient organization through:

- PDO 17: Organisational structure
- PDO 18: Human capital and skills development
- PDO 19: Project and Programme management
- PDO 20: Performance management and Monitoring and Evaluation
- PDO 21: Systems and technology
- PDO 22: Processes and procedures
- PDO 23: Equipment and fleet management

***KPA 4: Physical Infrastructure and Services***

To provide and maintain the required physical infrastructure and to ensure sustainable affordable services through:

- PDO 24: Energy Supply Efficiency and Infrastructure
- PDO 25: Transport, Roads and Storm water Infrastructure
- PDO 26: Water and Sanitation Services and Infrastructure
- PDO 27: Solid Waste Management and Infrastructure
- PDO 28: Municipal and Public Facilities

***KPA 5: Planning and Economic Development***

To plan and facilitate sustainable and inclusive economic growth and development through:

- PDO 29: Economic development and poverty alleviation
- PDO 30: Growth and investment promotion (includes incentives)
- PDO 31: Municipal Planning
- PDO 32: Built environment Management (includes Heritage Resource Management)
- PDO 33: Urban Renewal
- PDO 34: Skills Development and Education
- PDO 35: Rural Development
- PDO 36: Spatial and Urban Planning
- PDO 37: Tourism
- PDO 38: Land, Valuation and Property Management

***KPA 6: Safety and Environmental Management***

To ensure a safe community and a healthy and protected environment through:

- PDO 39: Safety and Security
- PDO 40: Disaster and Emergency Management
- PDO 41: Traffic, Vehicle Licensing and Parking Control
- PDO 42: Municipal Law Enforcement (includes the Municipal Court)
- PDO 43: Environmental Management and Climate Change

- PDO 44: Natural Resources
- PDO 45: Parks and Open Spaces
- PDO 46: Animal Control

### ***KPA 7: Social and Community Development***

To facilitate social and community development through:

- PDO 47: Health
- PDO 48: Early and Childhood Development
- PDO 49: Gender, Elderly, youth and Disabled
- PDO 50: Sustainable Human Settlements (housing)
- PDO 51: Sport, Recreation and Facilities
- PDO 52: Arts and Culture
- PDO 53: Libraries
- PDO 54: Cemeteries and Crematoria

In line with the MSA, the IDP constitutes a single, inclusive strategic plan for the Municipality. The five-year programme responds to the development challenges and opportunities faced by Drakenstein Municipality by identifying the key performance and focus areas to achieve the strategic objectives mentioned above.

In addition to the five-year IDP, the municipality undertakes an extensive planning and developmental strategy which primarily focuses on a longer-term horizon (15 to 20 years). This process is aimed at influencing the development path by proposing a substantial programme of public-led investment to restructure current patterns of settlement, activity and access to resources in the municipality so as to promote greater equity and enhanced opportunity. The strategy specifically targets future developmental opportunities in traditional dormitory settlements. It provides direction to the municipality's IDP, associated sectoral plans and strategies, and the allocation of resources of the municipality and other service delivery partners.

The 2020/25 MTREF has therefore been directly informed by the IDP revision process and the following tables provide a reconciliation between the IDP strategic objectives and operating revenue, operating expenditure and capital expenditure. See SA4,5 and 6.

### **2.3 Measurable performance objectives and indicators**

Performance Management is a system intended to manage and monitor service delivery progress against the identified strategic objectives and priorities. In accordance with legislative requirements and good business practices as informed by the National Framework for Managing Programme Performance Information, the Municipality has now developed and implemented a performance management system of which system is constantly refined as

the integrated planning process unfolds. The Municipality targets, monitors, assess and reviews organisational performance which in turn is directly linked to individual employee's performance.

Drakenstein Municipality is continuously ensuring that a culture of performance management is institutionalised. Therefore, performance agreements with senior to middle management are concluded. This process will ensure that Integrated Development Planning objectives and key performance indicators (KPI's) are owned and executed by the responsible directorates. Furthermore, the Performance Audit Committee (as part of the Audit Committee) ensures that Council is involved in the auditing of Non-Financial Performance information. A Performance Management Policy Framework also exists. This Policy Framework encapsulates the various processes, roles and responsibilities necessary to execute performance management and measurement.

SA 7 schedule illustrates Drakenstein Municipality's measurable performance objectives and indicators.

## **2.4 Overview of budget assumptions / projections**

The MTREF Budget was compiled based on the financial framework, financial strategies and financial policies featuring in the Long-Term Financial Plan. The key budget assumptions as set out in Table 12 below, relates to the parameters within which the MTREF Budget was compiled and are as follows:

National government grants for the years 2020/2021 to 2022/2023 are as per the Division of Revenue Bill (DoRB). Provincial government grants for the years 2020/2021 to 2022/2023 are as promulgated in the Provincial Gazette. Estimates were made for year four and five based on the information available.

The estimated CPI for the 2020/2021 financial year is 4.5% and for the next two financial years at 4.6% (2021/2022) and 4.6% (2022/2023) respectively (National Treasury MFMA Circular No 99 dated 9 March 2020). For years four and five the CPI has been estimated at 4.6% for each year.

The South African Local Government Bargaining Council (SALGBC) determines the cost-of-living increases by mutual agreement between the employer and the unions. A three (3) year wage agreement was concluded on 15 August 2018 providing guidance for the period 1 July 2018 to 30 June 2021. This agreement prescribes the use of the projected CPI increase for the 2020 period plus 1.25% for the 2020/2021 financial year. The 2020/2021 financial year is the last year of the current agreement and a new agreement will have to be negotiated. However, due to the negative impact of COVID-19 on the municipality's revenue streams it is

recommended that no provision is made for any salary increments for all levels of staff to ensure that we remain financially viable over the short term. Recovery of the economy is projected to be slow and we have to be in a position to be able to be resilient to still maintain sustainability.

Bulk electricity purchases increased with 7.32% and 9.41% for the 2018/2019 and 2019/2020 financial years respectively. For the 2020/2021 financial year an increase of 6.9% was budgeted for as prescribed.

Bulk water purchases increased with 79.68% and 17.90% for the 2018/2019 and 2019/2020 financial years respectively due to drastic measures implemented during the drought experienced in the Western Cape. An increase of 5% is included for the 2020/2021 financial year and for the four outer years.

Property rates revenue increased with 8.2% and 8.2% respectively for the 2018/2019 and 2019/2020 financial years. Provision has been made for a property rates revenue increase of 7.5% for the 2020/2021 financial year and 7.5% for the next four financial years.

Budgeted electricity revenue for life line consumers' increase with 6.22% and other domestic consumers' increase with approximately 4.90% for the 2020/2021 financial year Electricity revenue stream increase of 6.22% for all other consumers.

Water revenue increased with 7.0% and 6.0% for the 2018/2019 and 2019/2020 financial years respectively. Budgeted water revenue increase with 6.9%, for the 2020/2021 financial year and the four outer years. This approach needs to be taken to prevent water consumption to reduce to a level that will lead to a reduction in water revenue. Although lower consumption will lead to lower costs, this approach will lead to a smaller operating surplus.

Refuse removal revenue increased with 9.7% and 10.80% for the 2018/2019 and 2019/2020 financial years respectively. A 7.8% Refuse removal revenue stream increase is budgeted for the 2020/2021 financial year and for the four outer years. Due to the cancellation of the envisaged waste to energy project to ensure the extension of the useful life of the Wellington waste disposal site, other measures need to be put in place to reach the same objective.

Sanitation revenue increased with 15.0% and 11% for the 2018/2019 and 2019/2020 financial years respectively. Budgeted sanitation revenue increase with 8.3% for the 2020/2021 financial year as well as for the four outer years. The higher than inflation increase is needed to ensure that sanitation revenue and expenditure break even in all financial years. Sanitation is an economic service and needs to break even as determined by Council's Tariff Policy.

It should be noted that a detailed exercise has been undertaken in preparation for the draft budget that was tabled in March 2020 to ensure affordability of services to the community as Council is sensitive to the affordability and sustainability of the tariffs to be imposed.

This resulted in the following scenario:

<b>TABLE 12: TARIFFS PROJECTION</b>				
<b>Serial Number</b>	<b>Service</b>	<b>Previous Year Tariff Increase 2019/2020</b>	<b>Initial Projection for 2020/2021</b>	<b>Final Tariff Increase 2020/2021</b>
<b>Column Reference</b>	<b>A</b>	<b>B</b>	<b>C</b>	<b>D</b>
1	Property rates	8.20%	8.40%	7.50%
2	Refuse removal services revenue increase	10.80%	10.80%	7.80%
3	Sanitation services revenue increase	11.00%	11.00%	8.30%
4	Water services revenue increase	6.00%	6.00%	6.90%
5	Electricity life line consumers	13.93%	13.93%	6.22%
6	Electricity domestic consumers	13.93%	13.93%	4.90%
7	Electricity all other consumers	13.93%	13.93%	6.22%

The initial projection for 2020/2021 was included in the 2019/2020 to 2023/2024 MTREF Forecast approved on 31 May 2019 and was used for revenue modeling during that process. This therefore illustrates the review done before COVID-19 struck and resultant decreased rise in rates and tariffs.

We carefully monitor the payment and collection rates and are thankful that the customer base of Drakenstein normally pays more than 97% of their billed accounts. Unfortunately, due to the impact of COVID-19 that percentage have dropped to an average of 94% as the lockdown had a severe impact on the disposable income of all consumers including businesses. Through the financial support and incentives envisaged through our budget related policies developed, we are hopeful that the payment rate will stabilise in the next financial year. Provision has been made for bad debt of 6% of expected billed revenue in the 2020/2021 financial year.

TABLE 13: 2020/2025 MTREF KEY BUDGET PROJECTIONS								
Serial Number	DESCRIPTION	2018/2019	2019/2020	2020/2021	2021/2022	2022/2023	2023/2024	2024/2025

#### 2.4.1 External factors

The forecasted CPIX is estimated at 4.5% for the 2020/21 financial year, 4.6% and 4.6% for the 2021/22 and 2022/23 financial years respectively. For municipalities to be sustainable their budgets should not increase more than the CPIX over the 2020/25 MTREF. However, there are other factors that need to be taken into consideration that will affect increases above the estimated CPIX.

Owing to the economic slowdown, financial resources are limited due to reduced payment levels by consumers. This has resulted in declining cash inflows, which has necessitated

restrained expenditure to ensure that cash outflows remain within the affordability parameters of the municipality's finances.

#### **2.4.2 General inflation outlook and its impact on the municipal activities**

There are five key factors that have been taken into consideration in the compilation of the 2020/25 MTREF:

- National Government macro-economic targets;
- The general inflationary outlook and the impact on the residents and businesses;
- The impact of municipal cost drivers;
- The increase in prices for bulk electricity and water; and
- The increase in the cost of remuneration. Employee related costs comprise 27.3% of total operating expenditure in the 2020/21 budget

#### **2.5 Overview of Budget Funding including Funding Compliance**

National Treasury requires that the municipality assess its financial sustainability against fourteen different measures that look at various aspects of the financial health of the municipality. These measures are contained in SA 10 of the attached Schedule A. All the information comes directly from the annual budgeted statements of financial performance, financial position and cash flows. The funding compliance measurement table essentially measures the degree to which the proposed budget complies with the funding requirements of the MFMA.

#### **2.6 Expenditure on Grant allocations made to the Municipality**

##### **Financing of the Capital budget**

Grant funding from National Government includes the following:

- Integrated Urban Development Grant
- Integrated National Electrification Programme (Municipal) Grant
- Neighbourhood Development Partnership Grant (Capital)

Grant funding from Provincial Government includes the following:

- Sustainable Human Settlement Grant
- Maintenance and Construction of Transport Infrastructure
- Regional Socio-Economic Projects

## Financing of the Operational Budget

The operational budget is financed from the tariff increases as displayed above. In addition to these, the following grant allocations are expected and expenditure was adjusted accordingly:

- Equitable Share Allocation
- Library Assistance Grant
- Financial Management Grant
- Expanded Public Works Program Incentive Grant
- Sustainable Human Settlement Grant
- Maintenance and Construction of Transport Infrastructure Grant
- Financial Management Capacity Building Grant
- Thusong Services Centres Grant
- Financial Management Capacity Building Grant
- Municipal Accreditation and Capacity Building Grant
- Neighbourhood Development Partnership Grant (Technical Assistance in kind)

### 2.7 Councillor and Employee Benefit

Section 17(3)(k) of the MFMA determines that as part of the budget resolutions the proposed cost to the municipality for the budget year of the salary, allowances and benefits of each political office bearer, City Manager, Chief Financial Officer and senior managers reporting to the City Manager must be disclosed. Due to the impact of COVID-19 on the budget and related cashflow of the municipality, no increases for the aforementioned is projected for the 2020/2021 financial year. The total cost to the municipality packages budgeted for Councillors, based on a Grading of 5 calculated in terms of Draft Government Notice March 2020, are:

(a) Executive Mayor	= R 1,046,997;
(b) Speaker	= R 853,597;
(c) Deputy Executive Mayor	= R 853,597;
(d) Chief Whip	= R 785,247;
(e) Mayoral Committee Member	= R 785,247;
(f) Chairperson of MPAC	= R 363,017; and
(g) Ordinary Council Member	= R 331,335.

The above excludes cellular telephone allowances (R3,400) as well as fixed mobile data bundles. These allowances are the exact same amount for all councillors.

With regard to senior managers (City Manager and section 56 managers reporting directly to the City Manager) the total cost to the municipality packages budgeted for senior management are:

- |     |  |                   |
|-----|--|-------------------|
| (a) | City Manager                                 | = R1,987,402;     |
| (b) | Chief Financial Officer                      | = R1,596,747;     |
| (c) | Executive Director: Corporate Services       | = R1,596,747;     |
| (d) | Executive Director: Engineering Services     | = R1,596,747;     |
| (e) | Executive Director: Planning and Development | = R1,596,747; and |
| (f) | Executive Director: Community Services       | = R1,596,747.     |

## **2.8 Allocations of Grants made by the Municipality**

Attached to this report is schedule SA 21 that gives us a breakdown of all the grants that are made by the municipality. The following are a few allocations made by the Municipality:

- (a) SPCA;
- (b) Grants in Kind as per Council's approved Policy;
- (c) Paarl Museum;
- (d) Wellington Museum;
- (e) Sport grants;
- (f) Events;
- (g) Drakenstein Local Tourism Association; and
- (h) Sporting events.

## **2.9 Monthly targets for Revenue, Expenditure and Cash Flow**

We carefully monitor the payment and collection rates and are thankful that the customer base of Drakenstein normally pays more than 97% of their billed accounts. Unfortunately, due to the impact of COVID-19 that percentage have dropped to an average of 94% as the lockdown had a severe impact on the disposable income of all consumers including businesses. Through the financial support and incentives envisaged through our budget related policies we are hopeful that the payment rate will stabilise in the next financial year. See attached SA schedules 25 to 30.

## **2.10 Contracts having future Budgetary Implications**

In terms of the municipality's Supply Chain Management Policy, one contract was awarded by the Bid Adjudication Committee or City Manager beyond the medium-term revenue and expenditure framework of three years. In ensuring adherence to this contractual time frame limitation, all reports submitted to either the Bid Evaluation and Adjudication Committees must obtain formal financial comments from the Financial Management Division of the Treasury Department. Any contracts for more than three (3) financial years are approved by Council.

## 2.11 Long term Financial Sustainability

Financial sustainability over the long-term has to do with the maintenance of high priority expenditure programs, both operating and capital, to ensure program sustainability and desired quality of services to be rendered. There must also be rates and service charges stability and predictability in the overall rate burden by ensuring reasonable rates and service charges to fund programs. Fair sharing in the distribution of council resources and the attendant taxation between current and future ratepayers (intergenerational equity) must also be promoted to ensure that the current generation are not over-burdened for the use of infrastructure by future generations – in other words sound long-term financial management.

Based on the above three elements financial sustainability could be defined as follows:

*“A council’s long-term financial performance and position is sustainable where planned long-term services and infrastructure levels and standards are met without unplanned increases in rates and service charges or disruptive cuts to services.”*

Three key financial indicators or ratios were developed to influence long-term financial sustainability planning and budgeting. They are:

- (a) An **operating surplus ratio** to influence financial performance planning and budgeting;
- (b) A **net financial liabilities ratio** to influence financial position planning and budgeting;  
and
- (c) An **asset sustainability ratio** to influence asset management performance planning and budgeting.

Due to the fact that Drakenstein had to invest in infrastructure that stimulates economic development a fourth financial sustainability ratio was also developed to be used in the case when the gearing ratio (external borrowings as a percentage of total operating revenue less conditional grants) exceeds the 50% mark. This ratio will deal with the interest and redemption repayable on external borrowings as a percentage of total operating revenue less capital grants and is included in the Borrowing Policy. Interest and redemption may not exceed 15% of total operating expenditure.

As a result of a slow down in the economy and operational pressures experienced by the municipality, the external loans of the Development Bank of Southern Africa, Standard Bank and Nedbank had to undergo a restructuring process and no further external loans will be taken up over the next five financial years. This will assist in decreasing the gearing ratio to 72.4% at the end of the 2019/2020 financial year, before decreasing to 67.0% (2020/2021), 61.8% (2021/2022), 54.8% (2022/2023), 48.6% (2023/2024) and 42.7% (2024/2025). This will

result that the gearing ratio decrease to below the National Treasury norm of 45% and within the 50% norm of Council's External Borrowing Policy.

## **2.12 mSCOA progress to date**

The Municipal Regulations on the Standard Chart of Accounts (mSCOA) was duly promulgated on 22 April 2014 and all municipalities were expected to be compliant by 1 July 2017. Drakenstein Municipality was identified as a "pilot" site to implement mSCOA and the municipality went "live" on 1 July 2015 on the new mSCOA database. All relevant segments as prescribed by the regulation was implemented and the municipality is currently in the process of refining certain segments already in use in order to ensure that information will be disclosed as required in terms of version 6.4 as prescribed.

It should be noted that the municipality converted audited outcomes to mSCOA and produced mSCOA compliant financial statements during 2017/2018 and 2018/2019 financial year. All required in-year as well as annual data strings have been submitted successfully by the municipality.

## **2.13 Legislation Compliance Status**

Compliance with the MFMA implementation requirements have been substantially adhered to through the following activities:

### **2.13.1 In year reporting**

Reporting to National Treasury in electronic format was fully complied with on a monthly basis. Section 71 reporting to the Executive Mayor (within 10 working days) has progressively improved and includes monthly published financial performance on the Drakenstein's website.

### **2.13.2 Internship Programme**

The municipality is participating in the Municipal Financial Management Internship programme and five vacant positions have been filled in September 2019. These graduates will undergo training in various divisions of the Financial Services Department. Since the introduction of the Internship programme the municipality has successfully employed and trained 20 interns through this programme and a majority of them were appointed either in the municipality or other Institutions.

### **2.13.3 Budget and Treasury Office**

The Budget and Treasury Office has been established in accordance with the MFMA.

### **2.13.4 Audit Committee**

An Audit Committee has been established and is fully functional.

### **2.13.5 Service Delivery and Budget Implementation Plan**

The detail SDBIP document is at a draft stage and will be finalised after approval of the 2020/2025 MTREF on 29 May 2020 directly aligned and informed by the said document.

### **2.13.6 Annual Report**

The annual report is compiled in terms of the MFMA and National Treasury requirements.

### **2.13.7 MFMA Training**

The MFMA training module in electronic format is presented at the personnel own PC and training is on-going.

### **2.13.8 Policies**

Two new policies were compiled for the 2020/2021 financial year which is included in a separate item. Various budget related policies were reviewed during the budget process and various amendments are recommended in the same item as mentioned previously.

### **2.13.9 Procurement Plan**

In terms of Municipal Budget Circular No 94 for the 2019/20 MTREF, it is mentioned about slow spending of capital budgets by most municipalities and the negative impact of this on service delivery. It was therefore required that all municipalities compile a procurement plan to address a weak planning process. This document is included as Appendix C.

## 2.14. City Manager's quality certificate

I, Dr JH Leibbrandt, City Manager of Drakenstein Municipality, hereby certify that the annual budget and supporting documentation have been prepared in accordance with the Municipal Finance Management Act and the Regulations made under the Act, and that the annual budget and supporting documents are consistent with the Integrated Development Plan of the Municipality.

---

DR JH LEIBBRANDT  
CITY MANAGER

Street Cleaning Frequency in areas excluding CBD	According to 6-8 week integrated schedule
How soon are public areas cleaned after events (24hours/48hours/longer)	24 hours
Clearing of illegal dumping (24hours/48hours/longer)	from 24 hours to 72 hours
Recycling or environmentally friendly practices(Yes/No)	Yes
Licensed landfill site(Yes/No)	Yes
<b>Water Service</b>	
Water Quality rating (Blue/Green/Brown/N0 drop)	No assesment done this year
Is free water available to all? (All/only to the indigent consumers)	Only to the indigent consumers
Frequency of meter reading? (per month, per year)	Yes available to all
Are estimated consumption calculated on actual consumption over (two month's/three month's/longer period)	Three Months
On average for how long does the municipality use estimates before reverting back to actual readings? (months)	Three Months
<b>Duration (hours) before availability of water is restored in cases of service interruption (complete the sub questions)</b>	
One service connection affected (number of hours)	within 24hrs
Up to 5 service connection affected (number of hours)	within 24hrs
Up to 20 service connection affected (number of hours)	within 24hrs
Feeder pipe larger than 800mm (number of hours)	24 hours - repairs normally takes longer to fix longer due to larger diametre pipes
What is the average minimum water flow in your municipality?	± 175 litres/second for Drakenstein area and include water to factories (require water 24 hrs per day)
Do you practice any environmental or scarce resource protection activities as part of your operations? (Yes/No)	Yes
How long does it take to replace faulty water meters? (days)	± 3 weeks when reported and this is due to shortages of qualified staff
Do you have a cathodic protection system in place that is operational at this stage? (Yes/No)	No, municipality uses mostly HDPE pipe, which donot rerequire cathodic protection.
<b>Electricity Service</b>	
What is your electricity availability percentage on average per month?	98%
Do your municipality have a ripple control in place that is operational? (Yes/No)	Yes
How much do you estimate is the cost saving in utilizing the ripple control system?	estimated saving per day is between R20 000.00 and R40 000 depending on the season.
What is the frequency of meters being read? (per month, per year)	Monthly
Are estimated consumption calculated at consumption over (two month's/three month's/longer period)	Three Months
On average for how long does the municipality use estimates before reverting back to actual readings? (months)	Three Months

Standard	Description	Service Level
	Duration before availability of electricity is restored in cases of breakages (immediately/one day/two days/longer)	Normally within one day
	Are accounts normally calculated on actual readings? (Yes/no)	Yes
	Do you practice any environmental or scarce resource protection activities as part of your operations? (Yes/No)	Yes
	How long does it take to replace faulty meters? (days)	within one day
	Do you have a plan to prevent illegal connections and prevention of electricity theft? (Yes/No)	Electricity Supply By-law November 2014
	How effective is the action plan in curbing line losses? (Good/Bad)	The current losses is kept well below the normal national 10%. Current losses is below 9%
	How soon does the municipality provide a quotation to a customer upon a written request? (days)	within 30 days
	How long does the municipality takes to provide electricity service where existing infrastructure can be used? (working days)	when all relevant documentation is received supply can be provided within 30 days
	How long does the municipality takes to provide electricity service for low voltage users where network extension is not required? (working days)	when all relevant documentation is received supply can be provided within 30 days
	How long does the municipality takes to provide electricity service for high voltage users where network extension is not required? (working days)	when all relevant documentation is received supply can be provided within 30 days
	<b>Sewerage Service</b>	
	Are your purification system effective enough to put water back in to the system after purification?	Yes
	To what extend do you subsidize your indigent consumers?	Full package free
	<b>How long does it take to restore sewerage breakages on average</b>	
	Severe overflow? (hours)	3 to 5 hours
	Sewer blocked pipes: Large pipes? (Hours)	2 to 3 hours
	Sewer blocked pipes: Small pipes? (Hours)	1 to 3 hours
	Spillage clean-up? (hours)	2 to 3 hours
	Replacement of manhole covers? (Hours)	2 to 3 hours
	<b>Road Infrastructure Services</b>	
	Time taken to repair a single pothole on a major road? (Hours)	Response time for temporary repairs 3 hours, permanent repairs response time 3 days, permanent reappear time +-3 hours dependant on pothole
	Time taken to repair a single pothole on a minor road? (Hours)	Response time for temporary repairs 3 hours, permanent repairs response time 3 days, permanent reappear time +-2 hours dependant on pothole
	Time taken to repair a road following an open trench service crossing? (Hours)	Response dependant on work load between one and three weeks. Physical repairs in hours dependant on work extent, up to 8 hours.

Standard	Description	Service Level
	Response time for temporary repairs if required 5 hours, permanent repairs response time 5 days, permanent repair time +-2 hours dependant on extent of work	
Time taken to repair walkways? (Hours)		
<b>Property valuations</b>		
How long does it take on average from completion to the first account being issued? (one month/three months or longer)		One Month
Do you have any special rating properties? (Yes/No)		No
<b>Financial Management</b>		
Is there any change in the situation of unauthorised and wasteful expenditure over time? (Decrease/Increase)		Increase
Are the financial statement outsourced? (Yes/No)		No
Are there Council adopted business process structuring the flow and management of documentation feeding to Trial Balancc?		Yes
How long does it take for an Tax/Invoice to be paid from the date it has been received?		30days
Is there advance planning from SCM unit linking all departmental plans quaterly and annually including for the next two to three years procurement plans?		Procurement plans are only done on an annual basis
<b>Administration</b>		
Reaction time on enquiries and requests?		1-14 days depending on nature
Time to respond to a verbal customer enquiry or request? (working days)		1 day
Time to respond to a written customer enquiry or request? (working days)		7 days
Time to resolve a customer enquiry or request? (working days)		14-30 days depending on nature
What percentage of calls are not answered? (5%,10% or more)		15.0%
How long does it take to respond to voice mails? (hours)		24 hrs
Does the municipality have control over locked enquiries? (Yes/No)		No
Is there a reduction in the number of complaints or not? (Yes/No)		No
How long does in take to open an account to a new customer? (1 day/ 2 days/ a week or longer)		1 day
How many times does SCM Unit, CFO's Unit and Technical unit sit to review and resolve SCM process delays other than normal monthly management meetings?		Often as necessary
<b>Community safety and licensing services</b>		
How long does it take to register a vehicle? (minutes)		3 minutes
How long does it take to renew a vehicle license? (minutes)		3 minutes
How long does it take to issue a duplicate registration certificate vehicle? (minutes)		3 minutes
How long does it take to de-register a vehicle? (minutes)		3 minutes
How long does it take to renew a drivers license? (minutes)		30 minutes
What is the average reaction time of the fire service to an incident? (minutes)		5- 7 minutes
What is the average reaction time of the ambulance service to an incident in the urban area? (minutes)		N/A
What is the average reaction time of the ambulance service to an incident in the rural area? (minutes)		N/A
<b>Economic development</b>		
How many economic development projects does the municipality drive?		12
How many economic development programme are deemed to be catalytic in creating an enabling environment to unlock key economic growth projects?		1
		Not in a position to indicate percentage as the project impact will only be measured in 3 years from implementation.
What percentage of the projects have created sustainable job security?		
Does the municipality have any incentive plans in place to create an conducive environment for economic development? (Yes/No)		No approved incentive available
<b>Other Service delivery and communication</b>		
Is a information package handed to the new customer? (Yes/No)		No
Does the municipality have training or information sessions to inform the community? (Yes/No)		Yes
Are customers treated in a professional and humanly manner? (Yes/No)		Yes

# APPENDIX 4
