| To: | EXECUTIVE DIRECTOR: CORPORATE & PLANNING SERVICES (ATTENTION: Mrs. L. KUALI) |
| From: | EXECUTIVE DIRECTOR: ENGINEERING SERVICES |
| Enquiries: | LH. SMITH |
| Collaborator number: | 2325599 |
| Reference number: | 15/4/1 (Rem 1296) W (2117) |
| Date: | 11 March 2026 |
| Subject: | PROPOSED SUBDIVISION OF THE REMAINDER OF ERF 1296, WELLINGTON |

These conditions will be subject to review by the Engineering Services Department upon receipt of Civil and/or building plans for approval. This may require all the studies carried out for the proposed development to be updated and revised accordingly, which shall include compliance with the latest legislation, amended legislation, latest or amended standards and revised master planning.

The aforementioned is based on the possibility of changes in the physical environment in respect of engineering infrastructure between date of issuing of conditions and actual building/construction being imminent, which may impact on available relevant infrastructure capacities as at time of initial issuing of conditions.

NOTE: This comment covers a number of disciplines and each section needs to be dealt with by a competent specialist in that field co-ordinated by the consultant managing the application. No correspondence will be entered into with individual consultants.

THE FOLLOWING CONDITIONS WILL APPLY

1 STREETS & TRAFFIC

- 1.1 Any new roads/streets and accesses will be the responsibility of the developer, including all internal and bulk connectors; and
- 1.2 Any alterations to the existing road network will be the responsibility of the developer which includes design, approval and construction of any additional traffic control and or traffic calming measures.

2 STORM WATER

- 2.1 Any new storm water networks will be the responsibility of the developer, including all internal and bulk connectors;

- 2.2 Only pre-development run-off of a 1:2 year storm event will be accepted into the existing system. Provision must be made to accommodate the detention of run-off for a 1:50 year storm event; and
- 2.3 Provision must be made for an effective rainwater harvesting system to be planned and designed for all roof water. The volume of the storage facilities should be based on 0.02m³/m² roof area.

3 WATER

- 3.1 *A new water connection to a maximum size of 20 mmØ is available for Portion A at actual cost for the applicant/developer's account to municipal specifications;*
- 3.2 *The existing water meter to be utilized for Portion B and must be relocated to 1m inside the erf boundary at the applicants cost;*
- 3.3 Water saving devices shall be installed in toilets, bathrooms and basins; and
- 3.4 Any existing system that is to remain shall be upgraded to minimum municipal standards.

4 WASTEWATER SERVICES

- 4.1 Both individual portions must be provided with a separate wastewater connection;
- 4.2 Any linked internal plumbing to be separated for each portion;
- 4.3 Both connection manholes must be installed one meter inside the erf boundary of portion B; and
- 4.4 Any existing system that is to remain shall be upgraded to minimum municipal standards.

5 SOLID WASTE

- 5.1 The Municipality undertakes to remove household refuse in accordance with its by-laws and shall make its own arrangements with the occupants of erven for the removal of such household refuse;
- 5.2 A waste recovery/recycling initiative has been implemented in Drakenstein and the development will have to be prepared to comply with any requirements as the project is rolled out;
- 5.3 Such collection shall be as an kerbside service; and
- 5.4 Provision should be made for an additional wheelie bin (240l bin).

6 DEVELOPMENT CHARGES

6.1 Based on the information provided in the application, the Development Charge payable by the developer is **R 57 633 (Excl VAT)**. The levy is valid until **30 June 2026** where after a new calculation is required. The value has been calculated as follows:

6.1.1 Water = R 15 397

6.1.2 Sewer = R 9 322

6.1.3 Roads =R 27 065

6.1.4 Stormwater = R 0

6.1.5 Solid Waste = R 5 848

7 GENERAL

7.1 The developer is responsible for the payment of a Developers Charge (water, sewer, stormwater, solid waste and roads) which can be discounted against the bulk service cost needed for the development;

7.2 The developer is responsible for the funding of all connections to the bulk services and all internal works;

7.3 All of the works, including but not limited to; roads, stormwater, water, sewers, landscaping, irrigation, etc. shall be designed by a suitably registered (ECSA registration for the civil works and SACLAP registration for the landscaping) person and any such works shall be constructed under supervision of such registered person. All such design plans shall be submitted to the Civil Engineering Services Department of Drakenstein Municipality for approval prior to the commencement of construction;

7.4 The whole of the works shall fall under the control of a single project manager;

7.5 The municipality shall be represented at all site meetings for the duration of the construction of the works and to this end timeous notification of such meetings shall be supplied to the Civil Engineering Services Department;

7.6 All works where applicable shall be constructed to at least the minimum standards as set out in, Engineering Services: Municipal Standards;

7.7 A set of accurate as-built drawings as per Drakenstein Municipality: Civil Engineering Department's Standards must be submitted at the practical completion inspection; and

7.8 The above conditions are to be complied with in stages.

- 7.8.1 Requirements associated with the preparation of plans, drawings, permits, agreements and approvals, shall be complied with prior to construction;
- 7.8.2 Requirements associated with the completion of construction, development charges, as-built drawings, maintenance management plans, agreements, etc. These will be complied with prior to the transfer of any subdivided erf within the development property or occupation of any property/building in the phase; and
- 7.8.3 Proof of compliance for the requirements associated with long term operations must be available on request.
