Drakenstein Local Municipality

Ward Delimitation Criteria

The Demarcation Board after consulting the Electoral Commission must delimit a municipality's wards, each having approximately the same number of voters, taking into account the following:

- (a) The number of registered voters in each ward, may not vary by more than fifteen per cent of the norm, where the norm is determined by dividing the total number of registered voters in the municipality's segment of the national common voters roll by the number of wards in the municipality.*
- (b) The need to avoid as far as possible the fragmentation of communities.*
- (c) The object of a ward committee as set out in section 72 (3) which is to enhance participation and democracy in local government.*
- (d) The availability and location of a suitable place or places for voting and counting if applicable, taking into consideration-*
 - (i) communication and accessibility;*
 - (ii) density of population;*
 - (iii) topography and physical characteristics; and*
 - (iv) the number of voters that are entitled to vote within the required time-frame.*
- (e) The safety and security of voters and election material.*
